## OUR TERMS

### READ CAREFULLY

The seeds we offer are tested under our personal supervision before shipment, and every care is taken that none but reliable, fresh and genuine seeds are sent out.

Seeds of the best quality often fail, however, through various causes, improper planting or weather conditions; therefore we, **The Barteldes Seed Co.**, give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any seeds, bulbs or plants we send out, and we will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

All Grass, Field and Tree Seeds, Potatoes, and Onion Sets we will sell for cash only, no discounts. **Bills of Garden Seeds** amounting to \$25.00 or more, are sold on terms of 60 days. Overdue accounts are subject to **sight draft** with exchange, without notice. Of new customers we require cash or satisfactory references. These prices are not for less than one-half pound of Garden Seed or five pounds of Peas, Beans or Sweet Corn, and are subject to variation without notice.

These prices do not include charges for bags, baskets and barrels, which are extra.

---

**We send out no seeds on commission.**

## WHOLESALE CATALOG

### To the Trade:

During the past three years thousands and thousands of people have been making gardens as a patriotic duty. Most of them have found this very pleasant and very profitable but unless a vigorous effort is made by all sellers of garden seeds many of these people will neglect their gardens this season.

Keep the advantages of gardening constantly before your customers. Advertise in the papers, use your show windows and display your seeds where no one can overlook them.

The cost of living is even higher than ever and nothing will cut this so much as will a good garden. With a little stimulation 1920 can be made a banner garden year. Your profit on garden seeds is very good and you can well afford to give this department a little extra attention.

We are advertising extensively in national and other farm papers and will gladly send you free of charge some electrotypes for your use in your local papers.

We have good stocks and can take care of your orders promptly, but as transportation service is very slow we suggest you send in your orders just as early as possible.

Send us your orders. You will find our prices reasonable and your customers will be well pleased with the quality of our seeds.

Very Truly Yours,  
THE BARTELDES SEED CO.

Adjusto Plant Support

Here is the simplest, strongest and most efficient plant support we have ever seen.

The stake is of hardwood painted green, and if repainted every season it will last for years. The heavy spring wire is also painted green and it will not rust.

It is instantly adjusted to any height and can be adjusted as the plant grows without disturbing the plant. It is indispensable for Tomatoes, Roses, Paeonies, Dahlias, Hydrangeas, Carnations, and any other plants needing support.
